ONE DOLLAR A YEAR IN ADVANCE

ROOSEVELT DAY SUN.
DAY, FEBRUARY 9TH.

IN MEMORY OF A FAITHFUL SOLDIER

The honoring of Theodore Roosevelt is a matter that transcends party belief and personal prejudice. He lived greatly for America and that is enough to justify even those who opposed him in mourning his death. With iron courage he performed a major operation on the public morals of his country at a time when public ethics had become tattered and with daring and unfailing dignity he measurably increased the prestige of America abroad. Of no American can it be more truthfully said that his heart was incarnated with the flag. For these things alone all Americans who have lived in his time should hold themselves in his debt and should turn aside on the ninth day of February to honor his passing from the National stage.

The program for the Roosevelt Memorial Services in Barbourville, Sunday, February 9th, will be announced in the next issue of the Advocate.

LOCAL MAN MAY BUILD ICE PLANT IN CORBIN

(Corbin Times)

H. H. Owens, an L. & N. attorney, of Barbourville, and other persons were in our city this week looking for a location to build a first-class and up-to-date ice plant. Owens is president of the Harlan Ice Company, also president of the Barbourville Brick Company, and has connection with the railroad company that would enable him to control the railroad business. He has the brick and knows the ice business and in shape to put in a first-class plant and run it so as to give first-class service. We certainly need an ice plant and hope that some one will get busy now so as to be able to keep us cool by the time we begin to get hot.

CAPT. EDWARD BLAND DISHMAN.

BACK FROM FRANCE

Capt. E. B. Dishman and a Number
of Knox County Boys Will
Arrive Here Today.

Of the many very patriotic families of Knox County none have contributed more towards the winning of the war than the family of Judge S. B. Dishman. At the beginning Judge Dishman was appointed Chairman of the Local Exemption Board for Knox County, and besides filling this position continuously, has been a very liberal contributor to all charitable work and a liberal subscriber to Liberty Bonds. As soon as war was declared S. B. Dishman, Jr., his youngest son, enlisted and was sent to the Officers' Training School at Ft. Benjamin Harrison, Ind., where he was graduated as a 2nd Lieut. and sent to Camp Custer where he was stationed until discharged. Another son, William M., enlisted in the Navy and was only recently discharged.

Capt. E. B. Dishman, the oldest of the three boys, was appointed captain of Co. M of the old First Kentucky in August, 1916, and was sent to the Mexican frontier where he remained a year. His company was then sent to Ft. Thomas, Ky., and later to Camp Taylor, Ky., from which place they went to Camp Shelby, Miss., leaving there for over-sea late in the summer of

last year. With his company he left Brest, France on December 26, arriving at New York on January 8. After being in quarantine at Camp Dix, New Jersey for a short time they were ordered to Camp Sherman, Ohio for demobilization. In the company are many Knox County boys who had volunteered before war was declared with Germany, and who are expected to return with him today.

When the 1st Kentucky Regiment was transferred from Infantry to Artillery, Co. M, which was in command of Capt. Dishman, became Co. G, 113th Ammunition Train, Horse Section. Capt. Dishman remaining in command throughout the war.

Among the Knox County boys with Capt. Dishman were:

Lieutenant George Hembree.
Sgts. Ben C. Herndon, Boyd
Dix, and Garrett Gambrell.
Corp. Walter Hurd.

OIL IN KNOX COUNTY

Kentucky is one of the leading spots for investors in oildom and shows more work than any other Central West fields, and is destined to be the most promising new field in the country. Deaf indeed is he whose ears fail to catch the swift traveling message of prosperity and plenty. For more than fifteen years oil has been found in paying quantities in Knox County, but until the present time the work has all been of an experimental nature, and but few of the old heads in the oil business have given Knox County a serious thought. No deep wells have been drilled and what may lay concealed in the lower oil producing sands found in the Pennsylvania and West Virginia is unknown, only that old mother earth has left her "ear marks" in the hills and valleys of Knox County and that the lower producing sands that have made many millionaires in the fields of Pennsylvania and West Virginia exist here is proven beyond all doubt. It only remains for men with capital and faith to be encouraged to bring Knox County out of the shadow of suspicion into the sun light of prosperity.

Among those who have faith is a "battle scared hero" in the oil game. "Old Man" Harris, from the hills of far off Nevada, is coming from the far West to help put old Knox on the map as a great oil producing county. "Old Man" Harris and his associates, connected with the Wyoming-Nevada Oil Company are going to drill twenty or more wells in Knox County this Spring and Summer. Another of "The Old Boys" in the game that everybody knows in the Kentucky fields, J. A. McDermott, is going to "do his bit" by drilling three wells as soon as possible. One well on Little Richland and two near Emanuel. Lawrence and Company, of Georgia, are going to drill a three thousand foot test well near Flat Lick. The Wyndom Oil Co. are going to put down four new wells on Little Richland. The C. A. Gent Oil Co. have also arranged

troubled dreams of generous fortunes to be thrust upon them some time from an unknown "somewhere". A few shrewd, sharp, far-seeing oil operators now see the wonderful possibilities in Knox County and are going to back their faith with large sums of money in starting a number of important test wells in Knox County. This Spring will see more active work done in this field than at any time since the old excitement of some seventeen years ago when oil was so cheap that only the mammoth gushers would yield profitable returns.

SPECIAL ORDER WAR SAVINGS STAMPS

Mr. Robt. W. Cole, chairman of the Knox County Committee for Armenian and Syrian Relief, forwarded a \$36.12, dated by the National Headquarters at New York on January 17, 1919, donated by the different Sunday Schools of Brabourville. The donations were divided as follows: M. E. Church, \$19.40; Christian Church, \$12.47; Baptist Church, \$5.87; M. J. Church Soc. \$12.07; Presbyterian Church, \$16.35.

MOONSHINE STILL CAPTURED

On Friday of this week, W. A. Hinkle and others located a moonshine still on Indian Creek in this county. Upon investigation it was found that Alex Helton was the owner of the still. This is the second time Helton has been caught making liquor at his home. He was taken into custody by the sheriff and brought to Barbourville where he was bound over to the grand jury under \$500 bond.

It has been rumored that there are many others in the county and if this be true it is time they were being taken into custody and the stills destroyed thereby saving the country a great deal of worry over such things.

Due to the A. R. C. American prisoners are the best fed and clothed prisoners returning from Germany.

A collection of \$5,020 for the A. R. C. was recently made on board the steamer Santa Anna bound for Peru.

ed to drill five new wells on their holdings on Little Richland. Lawrence & Co. expect to drill ten or more wells on their lease near Girdler. Winchester, (Ky.) parties are also arranging to drill an important deep test well in Knox County, the location to be made public later. The Petroleum-Exploration Co. are starting a deep test well about three miles southeast of Barbourville, the exact location will be known in a few days. So the outlook in the oil business is more encouraging in the county than it has been for years.

Now a word to the "Tight Wads" and "Gold Worshippers" of the town and community, don't kill the "goose that lays the golden egg". Don't be like "Shylock" and demand your pound of flesh, but encourage the strangers in your midst, and lend a helping hand in their worthy efforts.

The following paragraph appears in an order issued by the Third Assistant Postmaster General on date of December, 1918:

"Owners to be urged to hold War Savings Stamps—the 1918 War Savings Stamps mature on January 1, 1919, but may be paid earlier on ten days written notice from the owners. Postmasters should, however, try to impress upon owners the importance of keeping the 1918 War Savings Stamps to maturity."

Important—War Savings Stamps of different series not to be affixed to same certificate—War Savings Stamps, series of 1919, shall not be affixed to War Savings Certificates, series of 1918, nor shall War Savings Stamps, series of 1918, be affixed to War Savings Certificates, series of 1919. Such stamps affixed to War Savings Certificates of another series will not add to the value thereof. It is most important that the public shall thoroughly understand this, and postmasters should warn all purchasers not to affix stamps of the 1919 series to a certificate bearing 1918 stamps, or vice versa.

"Existing Regulations and Instructions Apply to 1919 Stamps Except as Modified—All regulations and instructions now in force relating to requisitions and accounts for the issuance, registration and payment of, and otherwise pertaining to 1918 War Savings Stamps, and also relating to the remittance and deposit of War Savings Certificates shall apply on and after January 1919, to War Savings Stamps, the 1919 series and the proceeds of their sale, except as modified by foregoing instructions. The existing regulations and instructions concerning Thrift Stamps remain unchanged."

All employees should assist in carrying out the department's wishes in this matter by courteously urging applicants for payment of War Savings Stamps to retain these stamps until 1923, in accordance with their obligation wherever possible. It is not only an economical thing to do, but it is a patriotic duty. Many of those who are now making application for payment of War Savings Stamps would not have done so had the war continued, and the need for the money now is just as great as it ever has been, and the obligation is just as binding and the evidence of patriotism just as lacking where request is made by persons who can afford to retain these stamps.

Vinton's Liberty
Loan Boat Will
Have Girl Sponsor

MARGARET FISCHER

NOT a very big girl, Margaret. And when she stands up alongside of a great ocean boat she will not look any bigger.

But she is going to christen a boat just the same. Vinton County, Ohio, has chosen her—Margaret Fischer of Zaleski, Ohio—to be sponsor for the boat which that county won the right to name. Vinton County won the distinction in the last Liberty Loan campaign when it was the first county in the Cincinnati area to attain its quota in Liberty Bond sales. The county's quota was \$120,500, and it had subscribed that amount at the end of the first day of the drive. Its final subscriptions totaled \$158,850.

The boat is being built in one of the big government ship yards and probably will be ready for the launching in Spring.

UNCLE SAM HAS BIG APPETITE NOW FOR SAFE INVESTMENTS

BETWEEN TWENTY AND TWENTY-FIVE MILLION BOND BUYERS TAKE ELEVEN BILLION IN YEAR.

Pessimists who shake their heads and join in the chorus of "I dunno" boys at the prospect of floating a Fifth Liberty Loan in April are given food for thought in some figures which have recently been compiled by officials of the Treasury Department at Washington.

The figures give us some idea of just how big an appetite for safe investment this country has attained in its war year.

Some of the more striking of the figures referred to follow:

A bond market which had less than 300,000 customers two years ago had at the close of 1918 between 20,000,000 and 25,000,000 buyers.

The army of buyers absorbed \$11,163,565,850 worth of bonds in Liberty Bonds alone in 1918.

In the two years of the war—counting the first and second Liberty Loans which were floated in 1917—these bond buyers digested a total of \$16,974,329,850 Liberty Bonds.

A further development which has the optimistic turn is the market which bond dealers find right now for every sort of bonds—municipal, school, industrial, etc. Bond dealers are setting out all legitimate offerings with such celerity that they are continually seeking about the country for new issues to market.

This healthy condition of the bond market is explained, perhaps, by the fact that the entire indebtedness of the United States today amounts to slightly less than 7 per cent of the estimated national wealth. The national debt amounts to only about \$170 per capita.

Some of the national debts are: Great Britain, 44.3 per cent of national wealth or \$360 per capita; France, 41.25 per cent of national wealth or \$296.90 per capita; Austria, 34.66 per cent of national wealth or \$242.90 per capita; and Germany, 33.7 per cent of national wealth or \$305.90 per capita. These figures on Germany are exclusive of the ninth war loan, accurate returns of which never were had, and in the cases of both Austria and Germany no account is taken of any indemnities which those nations may have to pay.

Japan is the only big nation which has a lower per capita debt in relation to its wealth than the United States.

A PLEASANT AFTERNOON

One afternoon last week, Mrs. Ben E. Parker was the very pleasantly surprised hostess of a neighborhood party.

Without preparing her for their coming the elderly ladies in the immediate vicinity called and in a few moments the younger women followed. According to arrangements the guests arrived before those bearing gifts who followed unannounced.

First came Mother Steele, bringing a beautiful cut-glass pitcher of delicious grape juice; then Mrs. Archer, holding aloft a lovely whipped cream cake. Next was Mrs. W. H. Detherage with a steaming pot of chocolate, and Mrs. A. G. Clark and Miss Nannie Anderson followed her with a huge tray of all sorts of delightful fruits, furnished by Mrs. H. Clark.

Lightheartedly protesting against Mrs. Parker's assistance, these kind friends served their surprised hostess and the gathering of happy women, and the afternoon sped away in a glow of joy and brightness.

Mrs. J. E. Archer was the speaker of the happy occasion, and Mrs. Parker replied to the toasts with a few well-chosen grateful words of appreciation for their thoughtfulness of her, and presented each guest with a souvenir.

Those present were Mrs. B. C. Steele, Mrs. M. G. Hignite, Mrs. S. D. Wyatt, Mrs. H. B. Clark, Mrs. W. H. Detherage, Mrs. J. E. Archer, Mrs. J. W. Croley, Mrs. A. G. Clark, and Misses Nannie Anderson, Anna Stewart Archer and Marie Clark Croley.

WOMEN'S STUDY CLUB

Mrs. C. P. Kennedy was hostess to the Women's Study Club on Tuesday afternoon, January 21st. Eighteen members responded to roll call.

On motion of Mrs. Tye the club voted to accept and endorse the resolutions passed by the National Committee on the protection of Women under International Law, in response to a plea sent out by the National Council of French Women in behalf of the women and girls of that land who have been dishonored by German beasts, asking that these women be acclaimed as bearing honorable wounds which none may dispute or undervalue. American womanhood lifts its voice and demands that at the Peace Table justice shall be done to those whose wounds may not be healed.

On motion of Mrs. Rathfon the club voted that the President appoint a committee to confer with Mr. McDermott, County Chairman of the National Defense, to arrange a Memorial Service in honor of the late Ex-President Roosevelt February 9th at the same time Congress holds service. The committee appointed was composed of Mrs. Tye, Mrs. Kennedy and Mrs. Mitchell.

The program for the afternoon was very interesting and splendidly given. Mrs. James Golden was chairman for the day.

The League of Nations—Shall America go in?—Mrs. Heldrick, Russia's Struggle Against Chaos—Mrs. McDermott.

Mrs. Martha Potter, of Bowling Green, and Miss Dora Sonnedy, of the University of Cincinnati, were guests of the club, having been sent out by the Federation of Women's Clubs to lecture on and demonstrate food values. This is the first of six lectures and demonstrations.

The second lecture and demonstration will be given at the club's meeting the last of February. The Members of the Civic League are most cordially invited to attend these lectures and demonstrations.

After adjournment, the hostess served a delicious salad course.

NOT DUE TO SEX ALONE

Barbourville Women Have Learned The Cause of Many Mysterious Pains and aches.

Many women have come to know that sex isn't the reason for all backaches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get better. There is no other remedy so well recommended by Barbourville people. Read this case:

Mrs. J. T. Beddow, N Main St., Barbourville, says: "I can recommend Doan's Kidney Pills from experience. My kidneys were weak and I suffered from nervous, dizzy headaches. I was run down and languid and the least work tired me out. The action of my kidneys was irregular, too. I bought Doan's Kidney Pills from the Costello Drug Co., and used them as directed. They helped me in every way, strengthening my kidneys and relieving the

dizzy spells and headaches. Price 60c. at all drug stores. Simply ask for a kidney pill. Get Doan's Kidney Pill that Mrs. Beddow had. Burn Co., Mfgs., Buffalo, N.Y.

The Secret of Their Beauty

It is health, robust health, that is responsible for the Kentucky girl's good looks. If she gets sick, she proceeds to get well. Possessed of health, she knows that personal charm and attractiveness need not worry. They are hers. That is the secret.

The story of Mrs. Hattie Hamilton, 515 Myrtle Avenue, Latonia, Kentucky, is typical. She says: "I have never been ill all my life, until recently, weighed over 102 pounds. Finally, I began to take Peruna. My weight now is 120. While I didn't really need it, I have started on the third bottle. Peruna has certainly done a great deal of good and I recommend it to my friends. Several are taking it."

It is surprising the amount of dependence placed by women upon Peruna. Dr. Hartman's World Famous Peruna, for over forty years, it has been a household remedy for coughs, colds, catarrh and all catarrhal inflammation whether upon Peruna.

If you are sick and suffering from any cause whatever, write the Burns Company, Dept. 76, Columbus, Ohio. Dr. Hartman's World Famous Peruna.
